

# Cloud Realisation Workshop

It's no longer 'if' but 'when'... 60% of business users will be in the cloud by 2022 (Gartner). Employees now both expect and demand a modern workplace.

The Cloud market is now in hyper-growth. It's estimated that \$191B will be spent on cloud computing by 2020 (Forrester).

Stay ahead of the curve, your competitors and retain your best talent by transitioning to the Microsoft Cloud.

## Begin your Cloud Transformation Journey with the Cloud Collective

### Cloud Transformation Workshop

Our Cloud Transformation Workshop is a no obligation, 4-hour workshop with your key stakeholders to take the first steps to:

- Understand your current-state
- Make sense of your technology platforms
- Demystify Microsoft cloud computing concepts
- Identify key Microsoft cloud workloads that will benefit your organisation
- Identify your high-level migration approach, ROI and operational benefits of moving to the Microsoft cloud.

The output of this workshop will help you discover the business case to transform your legacy IT platforms to a Microsoft cloud model that provides you with the competitive advantage you need.

Don't let your competitors get ahead - **contact us today**

### Cloud Roadmap

Our workshop covers key strategic workloads. Leverage our experience and let us cloud-enable your organisation in areas that include:

- Architecture and migration
- Security and identity management
- Networking (WAN)
- Active Directory Domain Services
- Enterprise messaging (email)
- Client device environment
- Mobile Device Management
- Telephony and communications platform/s
- Intranet
- Collaboration and project site
- Document management

### Next Step: Readiness Assessment

Following our Cloud Transformation workshop the **next step** is a Cloud Readiness Assessment. We work with your team to assess, document and plan for the migration from current-state to your cloud-enabled modern workplace.

If you want to go fast, go alone.  
If you want to go far, **go together.**

The Cloud Collective is a strategic alliance of Microsoft Gold Partners and the first of its kind in Australia. We provide long-term value for the modern enterprise through end-to-end technology solutions. Our goal is to empower your teams to work more productively, communicate more efficiently, collaborate with greater impact and love the tools they use.
