AGENDA

Generational Preferences at Work

For organizations with a multi-generation workforce, it is important to understand your demographics to know how to best find the balance across the generations. If you are an organization that heavily relies on email, what are you doing for your new workers? Are you giving them the tools they need to be effective?

	Baby Boomer (1946–1964)	Generation X (1965–1979)	Millennial (1980–1997)	Generation Z (1998–2020)
In Person Meeting	Always prefer	Somewhat prefer	Occasionally prefer	Always prefer
Virtual Online Meeting (No Video)	Somewhat prefer	Always prefer	Always prefer	Somewhat prefer
Virtual Online Meeting (Video)	Do not prefer	Occasionally prefer	Occasionally prefer	Always prefer

PSA: If you use regularly Chrome, update now! There's a Unicode exploit that can be used by phishers to trick the browser into rendering an encoded URL into what looks like a legitimate site.

IE, Edge and Safari are reported to not have this exploit.

You can check out the exploit in action below (don't worry, it's nothing nefarious trust me :)
